## HAND WASH

### BIOSCRUB™

4 % Chlorhexidine Gluconate  
✓ SAHPRA Registered

### MEDISOFT- SCRUB

Formulated to help prevent drying of skin

### HAND SOAP WITH TEA TREE

Wash hands when  
visibly soiled

#### RECOMMENDATIONS TO PROTECT YOUR HANDS

- Use alcohol-based hand rub (ABHR) instead of soap & water when hands are visibly clean
- Never apply ABHR to wet hands
- Rub ABHR until dry
- Ensure hands are completely dry before donning gloves
- Don't follow hand wash with an ABHR (except when spore forming pathogens, i.e. Clostridioides difficile is suspected or confirmed)
- Use moisturizers and hand lotions when not on duty
